Why should organizations participate in the Content Testing Pilot?

Value-add for Participants of the Content Testing Pilot:

1. Participants can get a **head start** on future required content testing
2. Participants will **learn how well they comply to future content testing requirements**
3. Pilot participants will receive a **free testing report and scorecard**
4. Participants can **leverage free education** for the HL7 standards leveraged by Sequoia Staff
5. Participants can **increase the amount of data** that can be exchanged with partners and **improve the clinical content** of the discrete data exchanged
6. **Participants** will be **empowered to provide feedback** on production testing requirements and scores in collaboration with **HL7** for inclusion in future documentation:
 - Improved Scorecard Rubrics
 - Future HL7 C-CDA Companion Guide
7. All the above will be **FREE** value adds during the Content Testing Pilot

Content Testing Pilot Program

1. Draft Testing Documentation has been developed and published
 - <https://ehealth-exchange-testing.wikispaces.com/Content+Testing+Pilot+2016>
2. Pilot Content Testing Program will **cover HL7 C-CDA CCD r1.1 and r2.1 with an overlay of the 2015 Meaningful Use requirements** during the trial period through June 2016.
3. The Implementation **FAQ's/Pain Points being tracked** will continue to be reviewed by the Testing Workgroup Committee members and lessons learned will be coordinated with HL7 efforts to improve specifications and the pilot content testing documentation.
4. **FREE TESTING!!!** Accepting voluntary submissions of CCDs from eHealth Exchange participants and members through June 30, 2016 to receive validation summary report.
