### Let's Improve the C-CDA Together!

**The eHealth Exchange enhanced content testing requirements launched February 5, 2018.**

The Sequoia Project knows data exchange is just the beginning for successful health data sharing. We are also committed to ensuring the content of those data exchanges is both accurate and useful to providers and patients.

All participants need to complete the below survey as the first step to gain access to the content testing tools.

[> eHealth Exchange Content Testing Survey / Application](#)

### Upcoming Events

### Recent Posts

- The Sequoia Project to Present at ONC's 2nd Interoperability Forum
- National Patient Matching Framework Updated
- Statement on the Passage of VA Mission Act
- The Sequoia Project's CTO/ CIO Testifies Before National Committee on Vital and Health Statistics

# eHealth Exchange Carequality Implementer Status

## DURSA Amendment

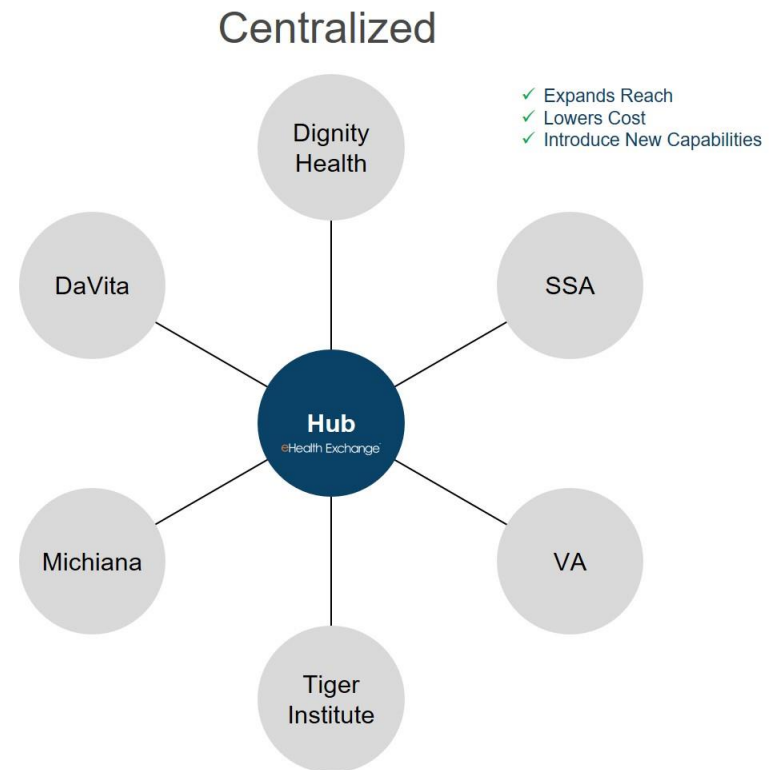

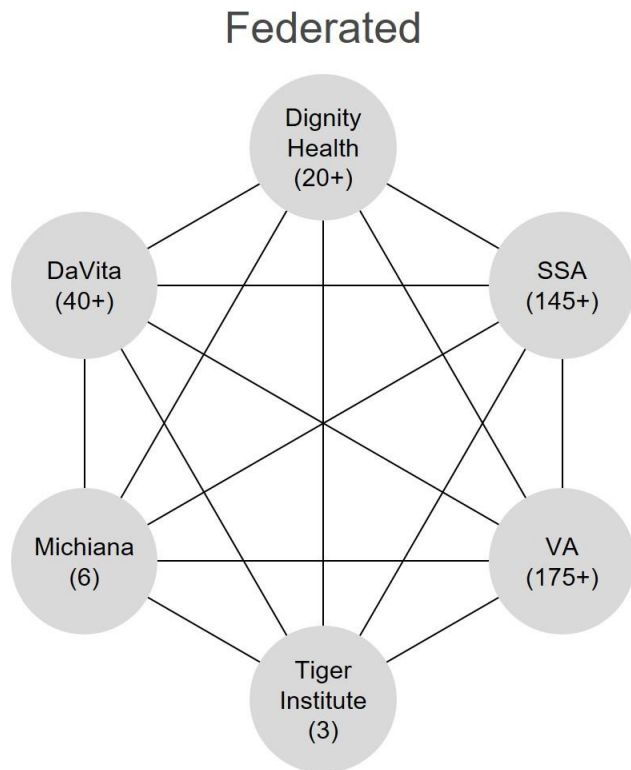

- A DURSA Task Group has been meeting to address the federal agencies need to **comply with Controlled Unclassified Information (CUI) requirements as required by Executive Order 13556 and 32 CFR Part 2002**
- We are still working through updates to the language to Section 14.02 of the DURSA Amendment and iterating on the best way to define the operational specifications required to implement CUI.
- Additional discussion is still needed and the Task Group is meeting this week.

# Carequality Pilot

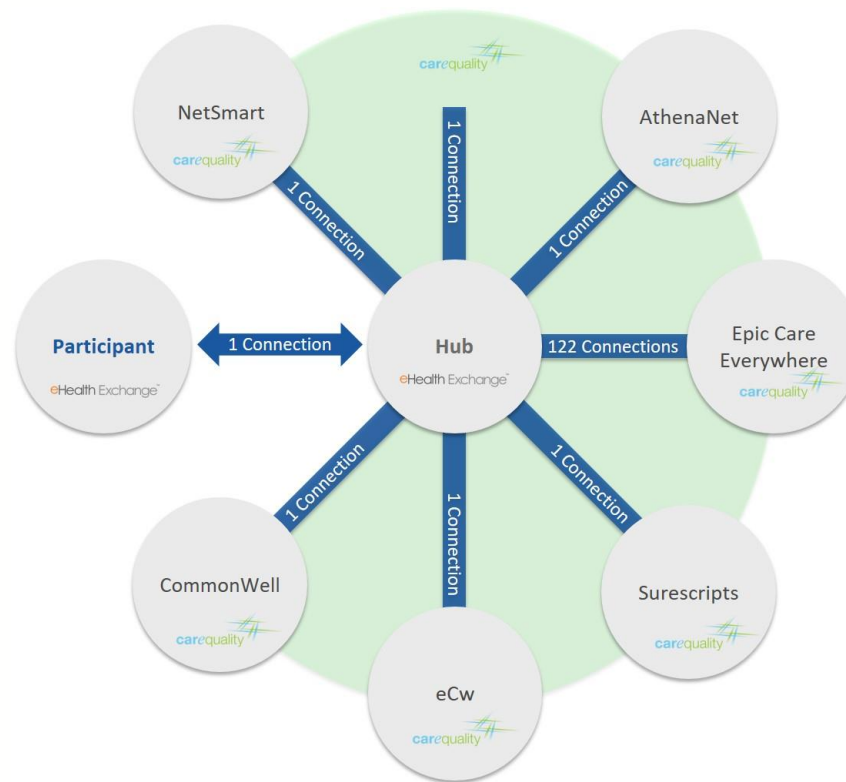

- The eHealth Exchange will sign an updated Carequality Connected Agreement (CCA) and application to reflect our dba change.
- We have been participating in the following workgroups:
  - CCA Updates Workgroup
  - Carequality Implementation Guide Updates Workgroup
  - FHIR Policy Workgroup
  - FHIR Technical Workgroup

# Enhanced Architecture – Federated vs. Centralized

# eHealth Exchange and Carequality

# eHealth Exchange Hub

- Contract Status
- New Policies needed to address the following:
  - Requiring the use of the Hub for Participants that want to access Carequality via the eHealth Exchange
  - Hub usage for all Participants
- An eHealth Exchange Operating Policy and Procedure Manual is being developed and includes the following:
  - General HIPAA Policies
  - HIPAA Privacy Policies
  - HIPAA Security Policies
    - Administrative Safeguards
    - Physical Safeguards
  - Operational Policies
  - eHealth Exchange Specific Hub Policies
  - eHealth Exchange Portal Policies

# Work Groups and Task Groups

# Call for Participation: eHealth Exchange Technical Workgroup

- The Thursday Joint Technical Workgroup has been sunset
- The eHealth Exchange still needs a technical forum for topics that need to be discussed
- We will activate a Technical Workgroup on a periodic basis as needed to address issues.
- The group will meet Thursdays at 3p ET starting in January

## Current Topic

- Adjusting the eHealth Exchange IHE XCPD Patient Discovery specification to support RLS (section 3.1.7, page 12 of [Patient Discovery v2.0](#))

Email [administrator@ehealthexchange.com](mailto:administrator@ehealthexchange.com) if you are interested in joining

# Call for Participation: Policy and Technical Task Group

- Meets on an ad hoc basis and makes recommendations to the CC on matters that have a mix of policy, business and technical implications
- Group will meet weekly - Date/Time TBD.
- Target kickoff: Early 2019

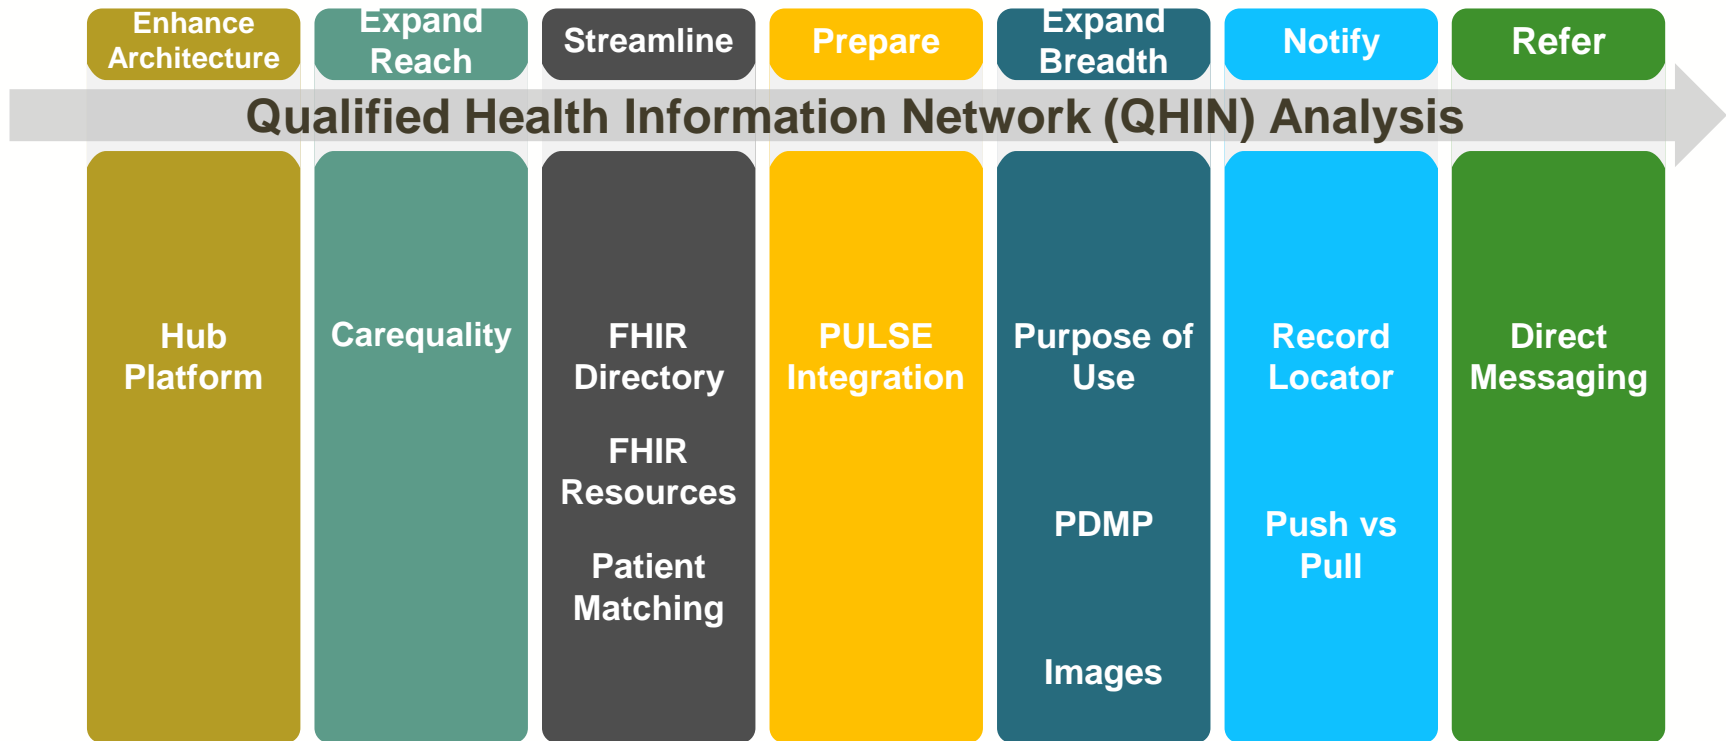

## Initial Topics

- Carequality Policies
- Hub Policies
- Sequoia Healthcare Directory use, facility lists, & UDDI sunset plans
- FHIR-based Implementation Guide

Email [administrator@ehealthexchange.com](mailto:administrator@ehealthexchange.com) if you are interested in joining
